

SwimMagic at Level 2

You might notice a few changes in the way we do things. Please know this has been done with everyone's health and safety at the forefront of our minds.

Please see below guidelines that have been put in place to keep you, your children and our staff safe:

Contact Tracing

- Due to government directives, we ask you to sign in every time you visit the site for the purposes of contact tracing.

Personal Responsibility

- Please stay at home if you are feeling unwell, especially if you have a cold or similar.
- Please use the hand disinfectant dispensers regularly throughout your time in the Facility including on entry and exit.

1 Metre Social Distancing

- The size of the teaching spaces will either be extended or class ratios will be decreased to ensure all swimmers have a space of 1 metre between them. This may mean the area where the lesson takes place may differ from normal and you will be notified of this change.
- Throughout your visit to the Facility please maintain a distance of at least 1 metre from all other people. There will be marked spaces where you can sit or stand.

Use of Changing Rooms and Toilets/Hygiene

- The changing rooms and toilets will be open however we encourage all swimmers to arrive in their swimwear and leave in their swimwear where possible to reduce the number of people using the changing rooms at one time. The only exception to this will be for babies however please be aware we have limited amount of people allowed in the changing rooms at any time to comply with physical distancing.
- All equipment will be disinfected following each class.

Staff Responsibilities

- Staff will be constantly circulating to ensure these rules are adhered to.
- Staff will also be available to assist with questions and help if needed

We understand that these restrictions have altered how we normally deliver our lessons but we are confident we can deliver great lessons and get everyone active and enjoying themselves under Alert Level 2.
